

ACCESSIBILITY FOR ONTARIANS WITH DISABILITIES ACT, 2005

INTEGRATED ACCESSIBILITY STANDARDS – Statement of Commitment & Multi-Year Plan

The Real Estate Council of Ontario (RECO) is committed to meeting the objectives and requirements outlined in the Accessibility for Ontarians with Disabilities Act, 2005 and the applicable regulations, and to meeting the accessibility needs of persons with disabilities in a timely manner, through the implementation of the requirements of the Act and its applicable regulations.

Accessibility for Ontarians with Disabilities Act, 2005 (“AODA”)

The AODA develops, implements, and enforces accessibility standards so that goods, services, facilities, accommodation, employment, buildings, structures, and premises are accessible to persons with disabilities. The AODA intends to achieve an accessible Ontario by Jan 1, 2025. To do so, mandatory and enforceable standards have been implemented. The Standards include:

Customer Service Standard – Ontario Regulation 429/07

The Customer Service Standard (Ontario Regulation 429/07) was the first standard under the AODA to become law. It ensures that people with disabilities can receive goods and services in a manner that takes into account one’s disability. Requirements include development of a policy, practices, procedures as well as the provision of training for staff and volunteers. RECO submitted compliance reports to the Province indicating we had addressed the requirements of the Regulation and were meeting the compliance obligation. We will continue to ensure compliance with the Customer Service Standard. We developed feedback processes to respond to inquiries and suggestions received by phone, email, mail, in person. This has been communicated to internal and external stakeholders.

Integrated Accessibility Standard Regulation (IASR) – Ontario Regulation 191/11

The IASR brings together the following standard areas in one Regulation: Information and Communication, Employment, Built Environment and Transportation. The Built Environment and Transportation Standards do not apply to us. General requirements common to all standard areas include policy development and training (on the requirements of the IASR and the Ontario Human Rights Code). The requirements have staggered compliance dates up to the year 2021.

RECO Integrated Accessibility Standards Policy and Multi-Year Accessibility Plan – Development Process

Senior Management reviewed the requirements of the IASR to ensure RECO achieves or will achieve accessibility through meeting the IASR’s requirements. The Multi-Year Accessibility Plan was developed in accordance with the IASR. It outlines a strategy to prevent and remove barriers and address the current and future requirements of the AODA.
